OUR SCOPE OF WORK

At Prime Metal Craft we consider our in-house design studio as our pièce de résistance. Innovation is our guiding principle that allows us to continually mold designs that challenge existing products in the market

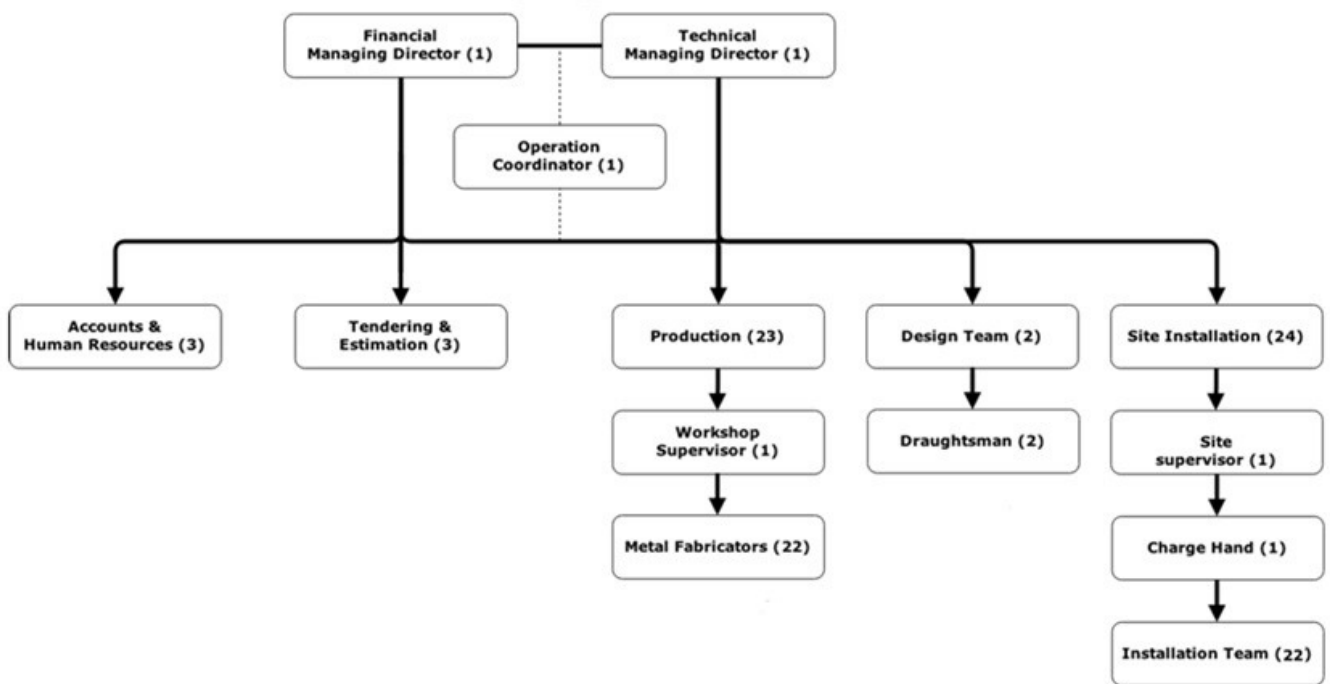

Prime Metal Craft offers a comprehensive range of architectural metal products made from metals such as Aluminium, Stainless Steel, Mild steel, Brass, Bronze, and Copper. Prime Metal Craft's management specializes in providing creative design and fabrication solutions for Staircases, Handrails, Skylights, Façade claddings, Decorative screens, Doors and Windows. The following is the list of PMC capability in undertaking metal works, and façade engineering projects to complete the same as per client's specification and standards.

OUR TEAM

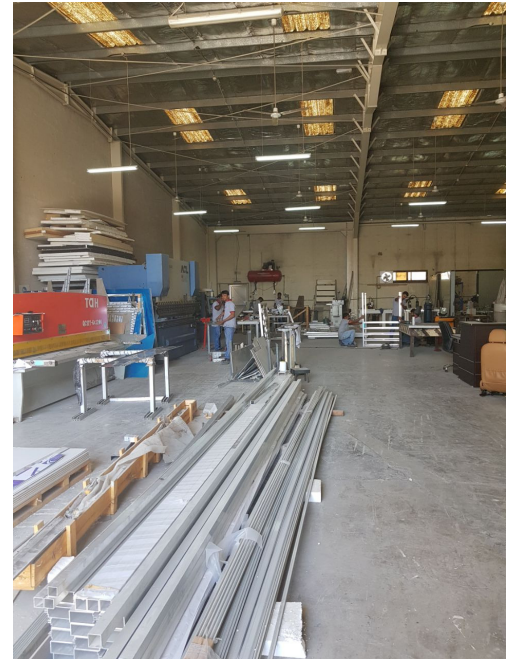

Organization Chart

Prime Metal Craft's management has accumulated more than 35 years of experience and expertise in the metal fabrication and construction industry. This allows Prime Metal Craft's management to specialize in providing creative design and fabrication solutions for Staircases, Handrails, Skylights, Façade claddings, Decorative screens, Doors and Windows. All of the above can be handled on a turnkey or build to order basis. This includes design, fabrication, and installation on site at full capacity.

OUR PRODUCTION FACILITY

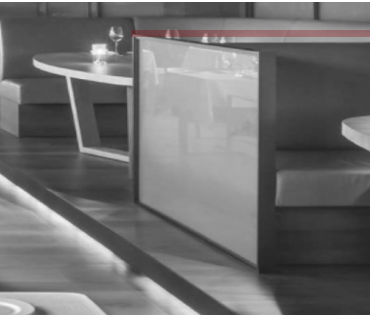

our production facility has an approximately area of 16,000 sqft that can cater to the high quality architectural metal products. Prime Metal Craft can undertake architectural metal works and façade engineering works for major projects; from villas to the high rise buildings that the U.A.E. demands.

but yearn for timelessness.- Frank Gehry

ROXY CINEMAS - CITY WALK, DUBAI

The luxurious Roxy cinemas at City Walk have plush seating and beautifully designed theaters that give you an unparalleled movie experience. Prime Metal Craft fabricated metal fittings like the staircase nosing, railings, steel cladding and decorative elements of the interior to give the cinema this luxurious look as specified by the designers.

BVLGARI- DUBAI

Bulgari is known of its luxurious designs and finishes. Prime Metal Craft extruded custom Aluminium profiles for various use for each apartment and room to cater to the Bulgari aesthetic.

VILLA-PALM JUMEIRAH, DUBAI

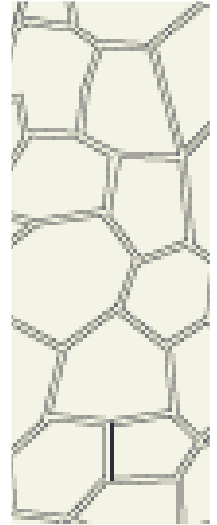

This private villa was elegantly designed to combine the outside pool area with the indoor lounge. Prime Metal Craft specifically engineered a folding door system to help the designers achieve this look. We also fabricated and installed illusion railings that allow for unobstructed views of the Dubai skyline from the Palm Jumeirah.

VILLA-EMIRATES HILLS, DUBAI

This private villa in Emirates Hills was designed with careful detail to its Feng Shui to incorporate functionality and design elements in its structure. **Prime Metal Craft** fabricated all the exterior canopies in an organic leaf pattern to combine functionality and design. The interior and exterior railings in glass were produced and installed to minimize visual obstructions in the view.

OCEAN VIEW HOTEL-JBR, DUBAI

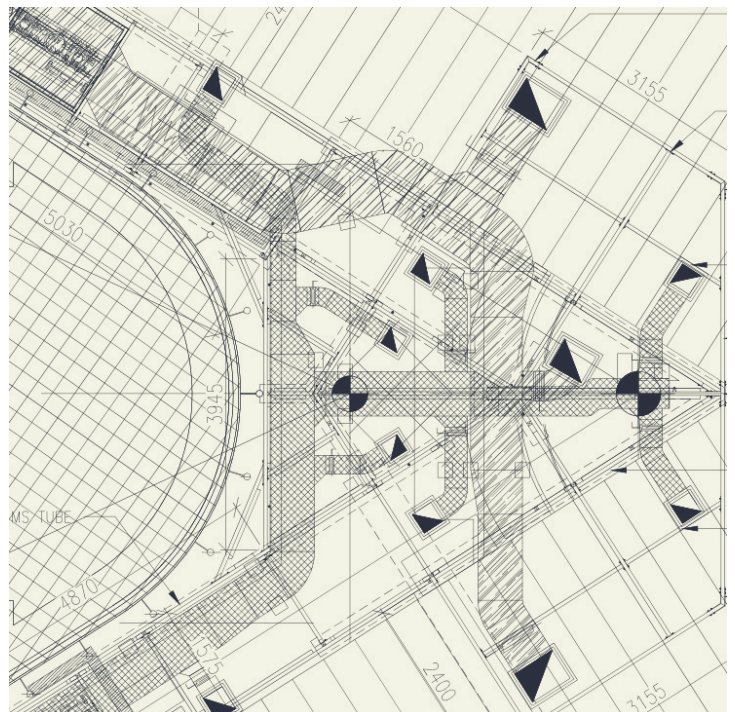

The designers wanted to incorporate elements of the sea in the architecture. **Prime Metal Craft** used their design to create a thick metal mesh that emulates coral and stone for an organic and simple design.

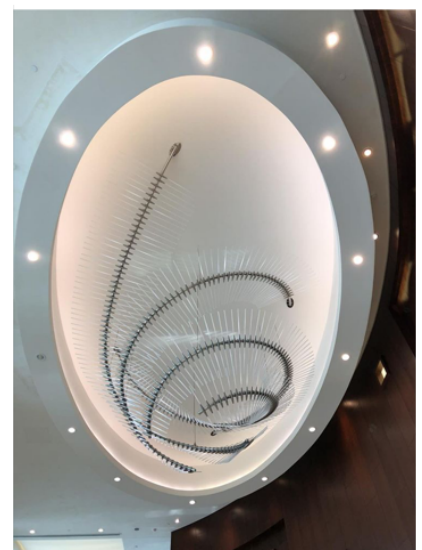

BURJ AL ARAB-JUMEIRAH, DUBAI

Burj Al Arab is an iconic structure and the designers needed to cover up service ducts on its new renovation. Prime Metal Craft supplied and installed an aluminum and steel louver canopy to cover this aesthetically.

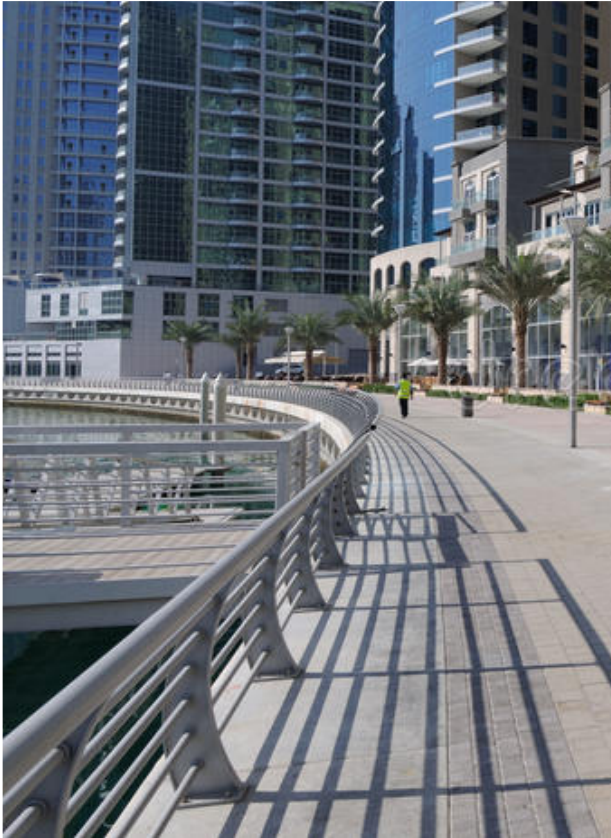

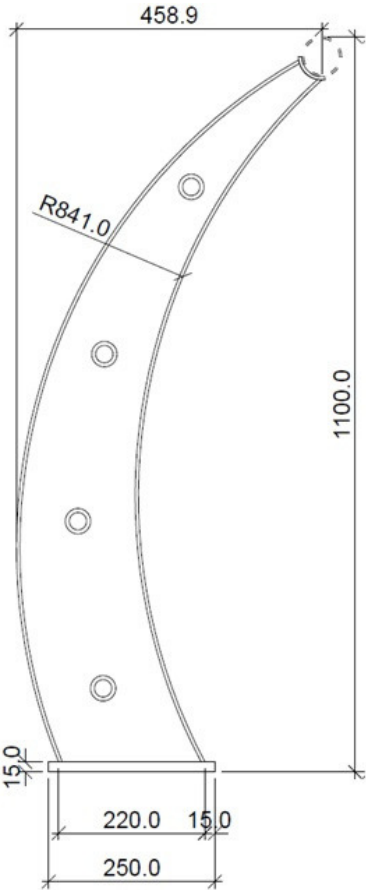

CLEVELAND CLINIC - ABU DHABI

Cleveland Clinic in Abu Dhabi needed a one of a kind skeletal spine inspired art lighting fixture for its main reception. Prime metal craft fabricated and installed a 10 meter wide artistic light feature out of glass rods and metal to fit their needs.

DUBAI MARINA - DUBAI

The Dubai Marina has beautiful walkways and Prime Metal Craft fabricated and installed over 100 meters of railings for the marina walk

VILLA - JUMEIRAH, DUBAI

This private villa was designed to have a split Majlis to allow entertainment and dining. Prime Metal Craft created laminated metal and glass screens to divide the areas without closing off the flow of light.

INDIVIRTUAL OFFICE - MEDIA CITY

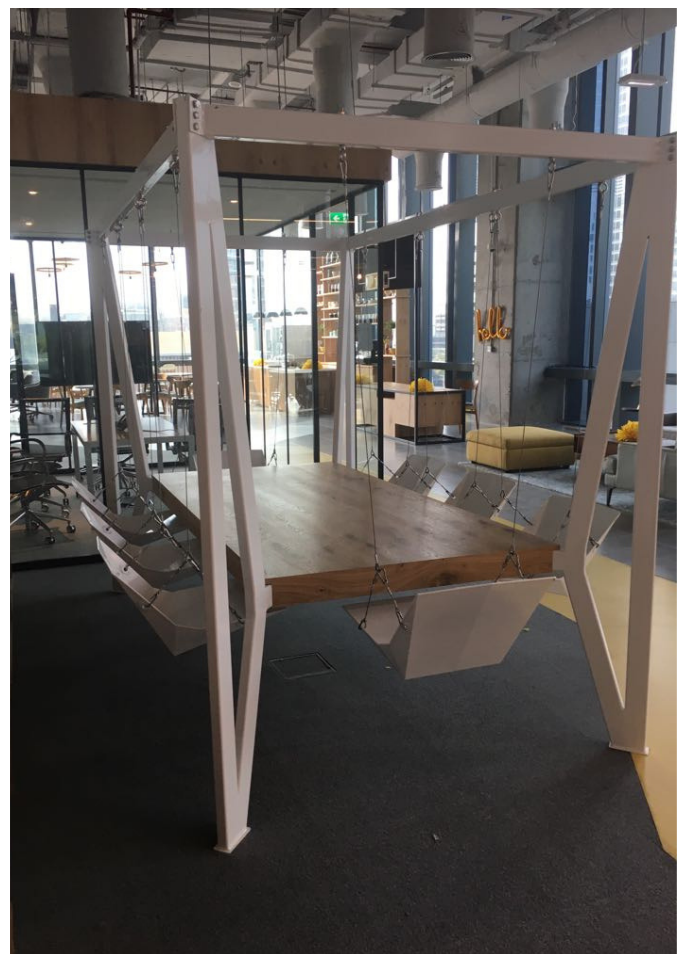

Indivirtual offices in Media city were designed to have an industrial feel with clean lines and an elegant combination of materials like wood and metal. Prime Metal Craft fabricated the entrance doors, reception desk, conference table and glass & metal divider screens to achieve this industrial yet elegant look.

NOON OFFICE - DUBAI

Noon is a new age online company that needed a practical but fun meeting area for its staff . Prime Metal Craft designed and fabricated this "Meeting Swing Table" with just a reference image from the designer.
